

## Bhavani Sagar Dam

The Bhavani Sagar Dam is located some 80 kilometers away from Coimbatore city, Tamil Nadu. The Bhavani Sagar Dam was built after India getting its independence. Moreover, the dam is considered to be the one among the biggest earthen dams in the country. Bhavani Sagar dam is constructed on Bhavani River, which is merely under the union of Moyar River. Children's can greatly enjoy while the time of their visit, as there is a park specially made to engage the children. The park is cleanly kept under perfect maintenance and it gives a great comfort to kids. The dam is situated some 16 kilometer west to Satyamangalam and 36 kilometer north-east to Mettupalayam.
