

# Training Calendar 2014-2015

**National Institute of Rural Development**

## ABOUT THE CALENDAR

The Training Calendar provides information about the programmes to be organized by NIRD during the year 2014-2015. The programmes are mainly designed for senior and middle level officers of the Central and State Government Departments dealing with Rural Development programmes at the State and District levels, elected members of Panchayati Raj institutions, faculty of academic institutions, professionals from banks, NGOs and other organisations.

The overall aim of the programmes is to facilitate sustainable rural development integrating economic and environmental dimensions through empowerment of rural people. These have been planned keeping in view the capacity building needs of development professionals in the context of emerging rural scenario. The focus is on effective planning and management of on-going rural development flagship programmes. The main themes include convergence in MGNREGA, promotion of rural livelihoods and micro enterprises, social audit, decentralized planning, good governance through panchayati raj institutions, implementation of PESA, rural credit management, drinking water and sanitation, NRM, gender budgeting, applications of GIS and ICT technologies for rural development etc.,

NIRD proposes to organize 1270 programmes during the year which include Training Programmes, Training of Trainers (ToTs), Workshops, Seminars, Conferences, Colloquia, Regional and Off-campus Training Programmes, Networking programmes at SIRDs and International Training Programmes sponsored by the Ministry of External Affairs, GoI, such as NIRD-ITEC/SCAAP Collaborative Training Programmes, India-Africa Forum Summit-II and NIRD-CIRDAP Collaborative Programmes and International programme for AARDO Member countries.

The Programme Directors will be sending invitation letters and brochures at least two months before the commencement of the programme. The brochure gives details of the programme objectives, design, clientele group, programme team and information on NIRD. For more information, Programme Directors or the Research and Training Division, NIRD, Hyderabad may be contacted.

Tele-fax: 040-24008439, email: [nirdtraining@gmail.com](mailto:nirdtraining@gmail.com)

## NIRD's VISION

- The vision of NIRD is to focus on the policies and programmes that benefit the rural poor, strive to energise the democratic decentralisation processes, improve the operation and efficiency of rural development personnel, promote transfer of technology through its social laboratories, technology park and create environmental awareness.
- As a “think-tank” for the Ministry of Rural Development, NIRD while acting as a repository of knowledge on rural development would assist the Ministry in policy formulation and choice of options in rural development to usher in the changes.

## NIRD's MISSION

- To examine and analyse the factors contributing to the improvement of economic and social well-being of people in rural areas on a sustainable basis with focus on the rural poor and the other disadvantaged groups through research, action research, consultancy and documentation efforts.
- To facilitate the rural development efforts with particular emphasis and focus on the rural poor by improving the knowledge, skills and attitudes of rural development officials and non-officials through organising training, workshops and seminars.

## ABOUT NIRD

National Institute of Rural Development continuously strives to serve the nation through training, research, action research and consultancy activities for development of the rural poor and enhance their quality of life. It aims to:

- (i) Organise training programmes, conferences, seminars and workshops for senior level development managers, elected representatives, bankers, NGOs and other stakeholders.
- (ii) undertake, aid, promote and coordinate research.
- (iii) study functioning of the Panchayati Raj Institutions and rural development programmes across the states.
- (iv) analyse and propose solutions to problems in planning and implementation of the programmes for rural development; and
- (v) develop content and disseminate information through periodicals, reports, e-modules and other publications.

Considering the challenges faced by the Government in the development of a large section of rural poor across the country through its various policies and programmes, NIRD as apex training Institute in the field of rural development has to cater to the training and capacity development needs of a large clientele. To achieve these objectives, a nation-wide network of training infrastructure has to play its rightful role. Capacity building of rural development personnel and elected representatives is an intrinsic part of the entire rural development process. It helps to improve their managerial skills while keeping them abreast with the latest changes in strategies, government policies and programmes to augment their knowledge and working efficiency resulting in strengthening of the delivery mechanism for the benefit of all the stakeholders. The challenge is huge and NIRD has been able to play its role in the country's rural development initiatives by facilitating qualitative changes in programmes implementation through a process of training, research, action research, consultancy, information dissemination and information building on a continual basis. This has enabled the Institute to emerge as the National Apex Institute for capacity development in the area of rural development.

In its continuous effort to develop managerial skills of functionaries in rural development process, the Institute started one-year full residential Post Graduate Diploma in Rural Development Management (PGDRDM) and two one-year PG Diploma programmes in Distance Mode namely, Sustainable Rural Development (PGD-SRD) and Tribal Development Management (PGD-TDM).
