Agro Advisory

General	Farmers are advised to provide adequate drainage facilities to all crops due to moderate rainfall forecast.
---------	---

		Link the drainage channel with farm ponds towards efficient water drainage besides the rain water storage.
		Avoid application of fertilizers and insecticides to the crops.
		Keep the farm implements, machineries and batteries in uplands / store rooms.
Rice		Harvested paddy seeds before rain may be dried at moisture less than 13% using the current weather condition to prevent stored pests damage.
Black gram		Farmers are advised to provide adequate drainage facilities to blackgram due to moderate rainfall forecast.
Banana		Provide support with wooden poles to avoid lodging of tree due to rain and wind.
Cattle	Cow	Exposure of calves and kids to rain should be avoided to prevent from pneumonia attack in view of expected high rain.

SMS advisory

Farmers are advised to provide adequate drainage facilities to all crops due to moderate rainfall forecast.
