1. Background

Tamil Nadu Agricultural University (TNAU), a century old premier institute providing Higher Education in Agriculture. TNAU had its genesis from establishment of an Agricultural School at Saidapet, Chennai, Tamil Nadu, India as early as 1868 which was later relocated at Coimbatore during 1906. In 1920, the College was affiliated to the University of Madras with the introduction of a three-year degree programme. Till 1946, the Agricultural College and Research Institute, Coimbatore was the only institute for agricultural education for the whole of South India. In 1958, it was recognized as a Postgraduate Centre for offering Masters and Doctoral degrees. It is a non-profit public higher education institution. In 1971, TNAU was formed as separate and First Agricultural University of Tamil Nadu.

TNAU has the pride of being the first State Agricultural University (SAU) to be accredited by the Indian Council of Agricultural Research (ICAR). Recognizing the merits, the ICAR awarded “*The Best Institution*” and “*The Best Performing University*” to this institute. **Overall, TNAU has secured National level 8th rank adjudged by ICAR for the year 2020. Among SAUs, TNAU stands 4th at the National level and 2nd among the Southern Agricultural Universities for this year.**

TNAU stands 301-350 in QS Asia University Ranking, 351-400 rank in QS World University Ranking by Subject (Agriculture & Forestry) during 2021 respectively and 34th position in QS India Ranking for the year 2020. The ICAR has accredited Tamil Nadu Agricultural University, Coimbatore for a period of five years *i.e.* up to 31st March 2023.

Postgraduate study in TNAU is a very special experience. This Postgraduate Center has now spread over 8 campuses across Tamil Nadu with 792 highly postgraduate teachers under five faculties catering the aspirations of over 1248 scholars every year. Besides luring the talents from India, this postgraduate school is the favorite choice for international students owing to its

cosmopolitan ambience, safe campus, and hub of international collaborative research projects in agriculture. The students on completion of the course requirements could take up their research in any institute / industry in India as per the existing norms. As an established research-intensive university, TNAU has excellent link with reputed national and international institutes for student exchange programme.

Highlights

- ❖ Infrastructure supporting research intensive projects and smart classrooms.
- ❖ Platform with well established research linkages with national and international institutes for student exchange programs.
- ❖ ICAR accredited programs with curricula matching real world expectations.
- ❖ In house cell that facilitates scholars to publish in peer reviewed journals.
- ❖ In house cell that facilitates scholars to promote more students' patents.
- ❖ Facilities to strengthen students' innovations with industries.

In the recent years, more than 100 post graduate students at this institute are supported with various fellowship/ scholarship opportunities. Though COVID-19 pandemic took the world by storm and has especially impacted education, TNAU has taken a first step among the SAUs in the Country to provide uninterrupted education for master's and doctoral students by initiating remote teaching program.
