**SUBJECT: MINUTES OF THE MEETING OF THE CROP WEATHER WATCH GROUP HELD  
ON 29.08.2008.**

**Summary observations of the Group on Agenda Items.**

- *Out of 36 met sub-divisions in the country, 12 sub-divisions received excess/normal rainfall, another 12 received deficient rainfall and remaining 12 received scanty rainfall.*
- *Cumulative rainfall received for the country as whole during the period 1<sup>st</sup> June to 27<sup>th</sup> August, 08 was 680.6 mm which is 1% below normal. It was excess/normal in 32 met sub-divisions and deficient in 4 met sub-divisions. The met sub-divisions with excess/normal rainfall covered around 92% of the total geographical area of the country.*
- *Cumulative monsoon rainfall is normal in all the four broad divisions of the country. It was above LPA in North-west India (16%), below LPA in Central India (-7%), South Peninsula (-4%) and North-east India (-6%).*
- *Meteorological Subdivisions with deficient rainfall include NMMT (-30%), Marathwada (-43%), North Interior Karnataka (-25%) and Kerala (-31%).*
- *As on 29.8.08, area sown under all kharif crops at All India level has been reported to be 947.66 lakh hectares as compared to 976.88 lakh hectares in the corresponding period of 2007. Increase in area sown has been reported under Rice, Soyabean and Oilseeds. However, under Cotton, Sugarcane, Coarse Cereals and Pulses area sown has been less as compared to the corresponding period of last year. A comparative statement on area sown under various kharif crops as on 29.08.08 is attached.*
- *Area under pulses is not likely to improve further due to deficient rainfall at critical time particularly in Maharashtra and Karnataka.*
- *Seed position is reported to be comfortable. Arrangements have been made to make available seeds of suitable crop varieties where late sowing may be required due to delayed rainfall.*
- *The incidence of pests & diseases generally remained below Economic Threshold Level (ETL) for most of the crops.*
- *The all-commodity inflation rate based on Wholesale Price Index (WPI) on a point to point basis for the week ending 16.08.2008 decreased by 0.23 percentage points to 12.40% from the previous week's level of 12.63%. The inflation rate was 3.99% during the corresponding period last year.*
